Project Resources The Sonoma County Resource System is designed to assist citizens, professionals, and institutions in managing and sharing valuable local resource information. The Resource System is connected to the "Sonoma County Contacts and Guide" resource which is maintained at Sonoma County Government's website. To be added to the Sonoma County Resource System, your organization must register with the County of Sonoma. For information on registering your organization with the County of Sonoma, see the Contact Us section of the County web site.

In vitro production and characterization of a low-cytotoxic third-generation monoclonal antibody against the third hypervariable region of the gamma chain. We previously reported that a low-cytotoxic third-generation monoclonal antibody (mAb), T10-1,

---

which recognizes the third hypervariable region (HV3) of the gamma chain, was generated by immunizing FVB/N mice with a gamma(c) chimeric T cell receptor (TCR) beta-chain/gamma(c) fusion protein. In this study, we have successfully generated a second third-generation mAb, S10-1, which recognizes the third HV region of the gamma chain in the same fusion protein. Anti-HV3 mAbs were obtained from a Balb/c mouse that had been immunized with gamma(c) chimeric TCR beta-chain/gamma(c) fusion protein. Both T10-1 and S10-1 recognized the gamma(c) but not the gamma(b) chain on the surface of T cells, indicating

Oct 27, 2019 OpenGL is the most commonly used 3D graphics API for Windows. The API was published by the Khronos Group as version 1.1 in May 1996 .
