The book, Saturday Night Live: From Movies to Musicals, 1975-1996 by Michael Jan Friedman, goes over the show's recurring characters and sketches and how the show addressed topical issues and historic events in its various incarnations. The book contains a variety of historic photos, as well as writing from various writers and actors. It includes a section about the show in the late 1980s and 1990s before a writers' strike and how the show lost so much of its regular cast. Jan Friedman is also the co-host of the film review show Jay & Silent Bob's Most Wanted. The show is in its seventh season. You can buy a copy of the book here. Until a the season opener on Thursday night, Drew Brees has completed 95 of 117 passes for 1,265 yards, 10 touchdowns and two interceptions. He's been the difference. Just ask Atlanta, Tampa Bay, Carolina or Jacksonville. Brees has a credibility problem. He is making the living out of being a great NFL quarterback. He is a role player, doing what he does best -- making all the throws. That's why he has a greatness problem. He's helped the Saints get to the playoffs. It was not just him. They've been a great running attack and a dominant defense. And he's been excellent at home and terrible on the road. He has a home field advantage, but it's not what it was in New Orleans. In five games in 2013, Brees threw seven interceptions. Three of those came in Week 13, on the road, against Atlanta, when he still has the beautiful girlfriend. This is not a quarterback issue. It's a philosophy issue. A quarterback can be great at home and good on the road. There are many examples of that around the NFL.

Only one can be the great. Two can be the good or the great. It's up to the Saints. They've built a system around Brees. He's been good at home and not as good on the road. They've been good enough to get to the playoffs. And they have a tough matchup on Thursday night in Atlanta
