No. 80-1580. District Court of Appeal of Florida, Fourth District. June 16, 1981. Rehearing Denied August 26, 1981. *1327 Richard L. Jorandby, Public Defender, and Anthony A. Scalera, Asst. Public Defender, West Palm Beach, for appellant. No appearance for appellee. GLICKSTEIN, Judge. The appellant was charged, under a three count indictment, with burglary, simple battery, and possession of burglary tools. He was convicted of burglary, simple battery, and possession of burglary tools. On appeal, the defendant claims that his defense at trial was not given sufficient instruction by the trial court. We disagree. At trial, the state presented testimony showing the defendant was arrested in the apartment of an elderly couple after they returned home from a trip. The defendant was found standing in the dining room area of the apartment. When arrested, the defendant admitted that he had been waiting for the owner to return. The state presented further testimony to show that there were three broken dining room chairs and a door which had been pried open and struck with a piece of iron pipe laying on the floor near the stolen door. A witness testified that the defendant admitted breaking into the apartment, taking the hand tool, and striking the door with it. We have carefully reviewed the record and considered the defendant's argument that his theory of defense, as set forth in his motion for a judgment of acquittal and oral motion to dismiss, was correct. We have concluded, however, that the trial court gave defendant appropriate instructions and an opportunity to defend. The defense at trial was that the defendant entered the premises without the victim's permission and took a utility tool and the occasion was an accident. On this issue, the trial court gave the defendant proper instruction by adding to the pertinent instructions in subsection (4) of Florida Standard Jury Instructions for the simple battery count. In pertinent part, the court told the jury it had "heard testimony" and "[t]he Court will instruct you on the law applicable to the facts of this case." Thereafter, the court gave the ordinary battery instruction. Defendant argues that the battery instruction

THAI HARD Subtitles.Islam is the Roman Catholic's New Messiah: Is it Time to Come Out? Allah, whom we worship, is the most merciful and forgiving (1: 170). Though the followers of Islam, like every other group of people, have their flaws, they also possess a number of good traits which make them worthy of praise. From their being the fastest maturing culture, being the most adaptable, to even being the most tolerant towards other religions, all of these positive qualities Islam possesses make it as one of the most compassionate religions in the world. And although on the surface it can be seen as cruel, and even barbaric, with the crazed radicals and fanatics acting as one, if one digs deeper, a more positive perception can be seen. Roman Catholicism has fallen victim to its own corruption, fueled by selfishness and greed; however, in Islam, greed does not exist. More importantly is that the corruption is self-induced, which means that the corruption within does not come from outside forces, but is done by the followers

themselves. Like any other culture, Islam has its own people who get carried away by these radicals and banish the more moderate ones. However, Islam is a peaceful religion which is depicted in the Holy Quran that all nations can coexist in an environment of love and respect. Islamic proponents believe the world is going through a great period of trials, and they believe the rise of Islam will be the cure for these trials. Islam is a religion that is destined to conquer and rule the whole world. Islam is the light of the world and it is destined to save all those who welcome it. Despite Islam not being perfect, it is the religion that will rescue the world from the darkness that currently engulfs it. Bank of America sought to impress investors with a vibrant and colorful 6d1f23a050
